

# RSB VIRTUAL SUPPORT HUB 1

Zarina Fernandes, Behavior Technician, Nurturing Support Centre, Cedar Street School, RSB  
 Catherine Korah and Martine Demers, Behavior Consultants, RSB, Centre of Excellence for Behavior Management (CEBM)

February 18, 2021.

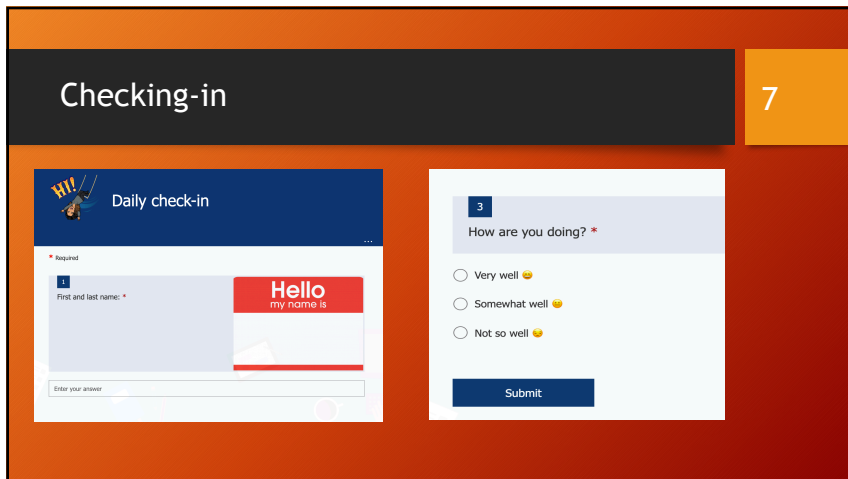

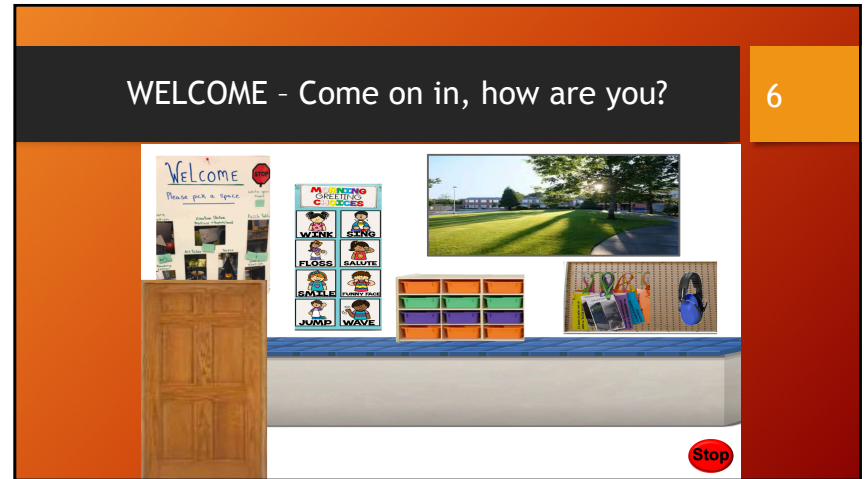

## In-School Intervention Spaces 2

## HOW THIS PROJECT CAME ABOUT....ZARINA! 3

- The pandemic provoked changes we weren't expecting
- Loss of proximity to students
- Finding a way to connect 'with' but also providing support 'one step removed' via technology
- Familiarity of intervention materials from the Nurturing Support Centre - Bloom Room

## Benefits of the Bitmoji Virtual Room 4

- **Extending our support from school to home when we can't be together**
- Maintaining connections
- Familiarity for students who have been introduced to and use these tools and activities at school. Securing to their brain.
- Being in the 'play' mode makes it safe to express how they are feeling
- Artistic expression enables to let out inner emotions in a safe way
- Problem-solving in activities simulates working through emotions in real life
- Ongoing focus and support to help students recognize and name their emotions
- Via movement activities it provides students with the opportunity to release their emotional energy in a safe way
- Listening to nature sounds may provide a sense of calmness, similarly to music played in Support Room at school or in their classroom
