How do I share my virtual classroom with my students?

Share with a link from OneDrive. When you **share** your **virtual classroom**, make sure to set the link **sharing** permissions to "Anyone with the link can view." To do this, click the **share** button in the top right corner of the slides. This will prevent **students** from moving your objects because they will not have editing rights.

How to Make Your Own Bitmoji Classroom:

How to Create a Basic Bitmoji Classroom in PowerPoint

1. Open a blank PowerPoint Slide.
2. Go to Google, type in Classroom background. Choose a background.
3. Copy and paste the background to the blank slide.
4. Resize as necessary.
5. Go back to Google.
6. Type items you want for your virtual classroom.
7. I recommend using items with relatively empty backgrounds.
8. Copy and save the image.
9. Open a new search tab. Go to Remove.bg
10. Upload your saved image to Remove.bg
11. Copy and Paste in PowerPoint.
12. Repeat the process until you have everything you want!
